"It is clear that you only recruit PM's that are the best in the business"

"No fuss, just good, honest and consistent project delivery"

"Very professional"
"Great consulting skills"

"Seven have gone above and beyond to make this implementation a success. With short notice their consultants jumped in and made a significant impact."

"Highly professional staff, great support from the broader organisation. Clear about what they are good at and stick to this"

How do we get 98%+ client satisfaction?

Why all our clients are reference sites.

Hands-on ownership

High staff engagement, low turnover with no contractors

At a minimum, there is monthly Quality Assurance review of the consultant's work, done by either the Founder, Managing Director or PMO Practice Lead

Bench support available to all consultants at no cost to the client

Extensive mentoring and training support, strong IP and knowledge sharing

Holiday and sick leave cover for assignments

Strong in-house tooling to support consultants, clients and quality assurance

How our values impact our delivery?

Teamwork

Teamwork has to be at the core because you can't deliver big projects without great teamwork – we focus on ensuring that the Seven team, the client team and vendors work seamlessly together.

Transparency

Assumptions and poor communications kill projects, whereas openness is the foundation of good relationships and reliable delivery. We remain a completely independent consultancy.

Delivery

A focus on outcomes focuses the team and grows confidence. With a confident attitude, expert personnel and effective teams we always deliver to clients high expectations.

Effective mobilisation of a Program is critical to improving the likelihood of a program's success. Often there are questions and uncertainty about how a program will be delivered and by whom, especially when working in complex organisations with network or virtual team resourcing models. Running a structured mobilisation phase will answer these questions and ensure the program has what it needs to deliver effectively.

Seven Consulting's program mobilisation service will bring qualified practitioners and a structured process to ensure that your program is set up for success from the beginning.

- Our experienced practitioners engage with a broad range of stakeholders to ensure we have fully understood the program objectives and the enterprise delivery capability.
- Key artefacts will be reviewed against our own best practice benchmarks to investigate all areas that may affect success.
- Industry best practice capability frameworks will be used to drive the design of your program structure with the right program management processes and tools.
- We collaborate closely with your team to verify our findings and make sure our recommendations are practical and achievable.
- Our PMO and governance toolsets will create robust plans and schedules for successful execution.
- We will bring our experience of delivering programs across some of Australia's most complex companies, spanning different industry groups and technology domains, to find the most effective model for your enterprise.
- Your internal delivery capability will be independently assessed by our team and factored into the program resource strategy.
- The Seven team will leverage our depth of experience in vendor management to provide valuable input into vendor sourcing and contracting.

Program Mobilisation Approach

Seven Consulting's approach to program mobilisation includes Discover (the scope, objective and benefits), Design (the structured define the bassline) and Deploy (the team, processes and tools to deliver the program).

Discover

Establish the program scope, objects and benefits

Program core team will have a holistic view of the enterprise and the intended change to enable an effective mobilisation.

Design Approach

Design the target state program structure and based on this define the initial program baseline. Deliver the core project management governance artefacts for the program.

Agreement between the key stakeholders and the program leadership on the program approach, structure and governance with the first view of the program plan.

Deploy

Establish and build the team, processes, tools & forums to successfully deliver the program.

An effective and engaged team backed with clear plans as well as the right governance, processes and controls to drive success for the next phase of the program.

Discover Approach

PMO Functions

Program Mobilisation – Experience

News Corporation

Seven Consulting undertook a 6 week planning and mobilisation activity at News Corporation to prepare a Technology Roadmap, Business Case and Capability Model for an advertising sales transformation program.

Seven Consulting’s work enabled News Corporation to:

- Gain a common understanding of the program objectives and alignment of the business and technology goals.
- Mobilise business and technology staff to work on the common solution, underpinned by a properly funded and detailed program plan.

QBE

Seven Consulting was engaged by QBE in December 2014 in recognition of the need to reset the OneHR@QBE Transformation program.

After a discovery review, Seven Consulting proposed and introduced a new program structure, more appropriate governance framework and established key program processes and controls within the program. The right team was put in place for the overall program leadership, PMO, and leadership of the global technology and testing workstreams. A One Team approach was introduced to ensure that the whole program team were focused on the successful delivery.

Phase 1 of the program went live in Aug 2015 on time and under budget.

Seven Consulting was asked to lead the creation of a Delivery Strategy for the Reporting & Disclosure program, and to address issues of governance, organisation, planning, resourcing, change management and vendor engagement. Involving around 30 key stakeholders from across NAB Wealth departments, a series of focused workshop and feedback sessions were held to mobilise the program.

As part of this planning phase, the scope and high level requirements were defined. Using these, Seven Consulting created an end-to-end program plan, program organisation, resource and cost model. The governance and assurance structure was agreed within the existing portfolio governance model and trustee assurance framework. Finally, the vendor engagement strategy for the technology solution was confirmed.

After the strategy and mobilisation phase was completed, Seven Consulting were subsequently asked to lead a major area of the program.

Seven Consulting is a proud sponsor of Australia's National Football side, the Westfield Matildas

We are extremely proud to be official sponsors of Australia's best team. The Westfield Matildas are now ranked 7th in the world and were finalists in the Asian Cup.

*We are also providing paid internships for a number of the team (**Tameka Yallop**, and **Elise Kellond-Knight**), to support their post sporting careers.*
