# How do we get 98%+ client satisfaction?

*Why all our clients are reference sites.*

Hands-on ownership

High employee engagement, low turnover with no contractors

At a minimum, there is a monthly Quality Assurance review of the consultant's work.

Bench support available to all consultants at no cost to the client

Extensive mentoring and training support strong IP and knowledge sharing including internal project training, majority of our team are SAFe certified.

Holiday and sick leave cover for assignments

Strong in-house tooling to support consultants, clients and quality assurance

# How our values impact our delivery?

## Teamwork

Teamwork has to be at the core because you can't deliver big projects without great teamwork – we focus on ensuring that the Seven team, the client team and vendors work seamlessly together.

## Transparency

Assumptions and poor communications kill projects, whereas openness is the foundation of good relationships and reliable delivery. We remain a completely independent consultancy.

## Delivery

A strong emphasis on outcomes focuses the team and grows confidence. With a confident attitude, expert personnel and effective teams we always deliver to our client's high expectations.

# Key Objectives of an EP MO

- **STRATEGY ALIGNMENT:** Ensuring all projects/programs are clearly linked to strategic objectives in terms of increasing business value and benefit realisation
- **PRIORITISATION:** Drive prioritisation of work against strategic alignment to ensure the organisation is doing the right work at the right time and manages associated funding approvals
- **TOOLS & TECHNIQUES:** Define, implement, manage and evolve standards, methodologies, processes, tools and approaches to support successful delivery.
- **REPOSITORY OF BEST PRACTICE & LESSONS LEARNED:** Identify and develop project management methodology, best practices and standards, Provide Lessons learned from successful / failed implementations into strategic planning & Provide a central repository for project documents & learning.
- **ORGANISATION METRICS:** Provide performance reporting and management metrics (KPIs, compliance, timelines, budget, scope and quality)
- **HEALTH CHECKS:** Conduct project health checks to ensure compliance with EP MO standards and policies plus project management best practices. Monitor and report status by defining standard management tracking and reporting processes
- **CAPACITY PLANNING:** Manage team capacity, variations and skill sets.

# EPMO Maturity Model

We use the below maturity model to help us assess what is the current capability level of the client’s EPMO and the desired target state;

# Typical EPMO Review Approach

- A 5 week exercise is required to understand our client’s current stakeholder requirements, assess the current state, review options for EPMO uplift and create the report including recommendations.

Weeks 1 - 3

Weeks 3 - 4

Week 5

- Review current state PMO services.
- Agree key stakeholders for interview.
- Schedule and commence stakeholder meetings.

- Complete stakeholder interviews.

- Assess breadth, scale and complexity.
- Document current PMO maturity.
- Obtain an understanding of existing Support Functions.

- Identify PMO future options and detail pros and cons associated with options.
- Produce draft review report including recommendations.

- Socialise report.
- Finalise report.
- Produce Communication plan for recommended approach.

# Common Challenges of the ePMO

Every client receives a tailored solution. However our experience indicates that there are common themes in the issues clients experience at a Project/Program and Portfolio/Enterprise level.

# Enterprise PMO Implementation

 OPTUS

*Design, build and implementation of Optus Consumer ePMO/  
For an Agile organisation*

Optus had transformed to a predominantly agile delivery organisation. However, there was no overarching ePMO, portfolio build, dependencies management, delivery process design, benefits management framework, etc.

Seven Consulting designed, built and implemented an ePMO for the Optus CEO, working closely with the agile tribes and key stakeholders. This was performed on schedule and on budget, including significant culture change.

Optus has a structured portfolio design process active, Portfolio management, centralised PM, BA and change management capability, more active governance and a benefits management framework.

# PMO Creation

## *Delivery Turnaround at Stockland*

Stockland had experienced an unsatisfactory level of projects being delivered late, over budget or failing to meet objectives.

Seven Consulting established a PMO framework and capability tailored to the Stockland culture and environment, and worked with staff and stakeholders to bring them on the journey.

Key business stakeholders see the benefits and become active champions of the PMO. Poor project delivery and 'Red' projects are a rarity.

# Managing an Agile Portfolio

## *Improve Customer Experience Transformation (CXT) Program for AGL via Agile principles at scale*

AGL engaged Seven to improve the tribe services for the large scale agile CXT Program (\$300M budget). Number of key disciplines needed to be revisited including Executive Reporting, Transparency, Benefits Realisation framework and promote the “One Team Approach”

Seven deployed a highly skilled team, who partnered with AGL to implement Agile tools and cadence to lift the tribe services effectiveness. This included engaging business owners via Portfolio KANBAN Board’s and aligning key stakeholders like legal, audit and value stream owners via synchronisation at key ceremonies.

- ✓ Enabled benefits realisation focus across the portfolio
- ✓ Aligned Program backlog to AGL’s strategic themes
- ✓ Improved lean governance structures and the right focus at each level
- ✓ Additional initiatives proposed by Seven Consulting commenced implementation within AGL.

# PM Capability / PMO Review

***Assessing and designing the transformation of the delivery capability for Australia's largest nation building program***

nbn IT delivers large and complex programs for their internal customers. As a company that had experienced rapid growth they realised that the ways of working that had been successful in the past may not be as effective in the future. They wanted to investigate alternatives that would allow them to maintain a strong delivery reputation but with greater efficiencies

Seven Consulting led an intensive review of capability and performance. We interviewed 76 members of staff, held workshops for an additional 67 team members and reviewed over 50 project artefacts. We observed processes and meetings and drew a comprehensive picture of PM and PMO performance and capability. We delivered papers for C-level review that detailed the strengths and weaknesses of the current organisation and defined a clear strategy and route for sustainable improvement. These papers were accepted and we then planned and initiated the Transformation

nbn have now established a multi year Transformation program that is already delivering efficiencies. We successfully delivered the first initiatives in the roadmap and a senior nbn leader said “(we) got value for money from the engagement and we were left with actionable information that continues to be used at senior levels within the company”

### 2020 – DONATION DRIVE

Although physical volunteering was no longer an option due to health concerns, Project 7 gave back to the community, by donating \$104,000 across 29 charities, enabling these organisations to create real change in the lives of those who need it most.

### 2021 – Mini Project 7

In 2021, Seven Consulting continued to acknowledge the importance of fostering a community presence. Despite the restrictions brought on by the COVID-19 pandemic, the Project 7 initiative was able to provide help to those community causes that needed it most. Seven Consulting team members across three cities were able to participate in multiple mini projects this year to see our Project 7 commitment through.
