Program Delivery

Complex agile, traditional & hybrid delivery

We deliver some of Australia's most complex and challenging agile, traditional and hybrid programs. We work with our clients to understand their organisational and program characteristics.

These inform how we design a delivery approach to produce the best outcome for our clients. Most of our consultants are scaled agile (SAFe) certified and manage billions of dollars of transformation programs that range in size from <\$1m to >\$500m.

PMO Services

PMO establishment, management & uplift

We establish, uplift and lead PMOs, delivering analytics & insights, scheduling and tool solutions for some of Australia's largest organisations. Our experience ranges from targeted project support to PMO leadership of \$1.5bn programs and enterprise PMOs.

Change Management Services

Design, plan, deliver and embed changes

We provide end-to-end Change Management as a value-adding function of a project. Our role spans program mobilisation and business case through to change readiness, measurement and benefits realisation.

How our values impact our delivery?

Teamwork

Teamwork is at the core of what we do because big projects can't be delivered without great teamwork.

We focus on ensuring that the Seven team, the client team and vendors create one team working seamlessly together.

Transparency

Assumptions and poor communications kill projects, whereas openness is the foundation of good relationships and reliable delivery. We remain a completely independent consultancy.

Delivery

A strong emphasis on outcomes focuses the team and grows confidence. With a confident attitude, expert personnel and effective teams we always deliver to our client's high expectations.

The Integrated Agile Enterprise Framework

- Seven Consulting's Agile Project Enterprise Framework outlined below is a proven framework of integrated processes, tools and techniques focused on simpler, faster delivery & improved ongoing support of the delivered change.
- Our key focus is the integration of rapid decision-making, effective planning and delivery of real benefits.

1. **Agile Enterprise (AE)** focuses on the cultural, procedural and people changes required to optimise, adopt, embed and sustain Agile models of project delivery. This includes an agile approach to strategic portfolio governance.
2. **Agile Sponsorship (AS)** requires executives to get closer to their projects, their project managers and their project teams. Sponsors must be flexible in making time available for face-to-face meetings and use simplified and face-to-face reporting lines. The Agile Sponsor is focused on benefits realisation.
3. **Agile Project Management (APM)** is an open, stakeholder-driven approach to project planning. While Scrum Masters and Product Owners focus on the detailed technical delivery, APM's must focus on stakeholder engagement, change management and related projects to ensure outwards as well as inwards management of the project.
4. **Agile Development Method (ADM)** involves a cultural as well as a procedural and technical change in how projects are planned and delivered. The coaching of project managers and business experts in how to setup and support Agile Development (Scrum, SAFe, etc.) is a critical factor in successful and sustained deployment of Agile Methods.

The SAFe Big Picture

Portfolio SAFe is for enterprises that build multiple solutions, which have minimal dependencies on one another, but require portfolio-level coordination, strategy, investment, and governance.

Large Solution SAFe is for enterprises that are building large and complex solutions, which do not require the constructs of the portfolio level.

Essential SAFe is most basic configuration of the framework and it provides the minimal elements necessary to be successful with SAFe.

Core Values

1. Built-In Quality
2. Program execution
3. Alignment
4. Transparency

4 Health Checks

What do we check

The Health Check will be performed by one of our certified SAFe Consultants. As part of the health check, we review the maturity of the SAFe implementation against the 4 CORE values (**Alignment, Built-in-Quality, Transparency and Program Execution**) of SAFe. The review is performed across all levels of the implementation, from: business/stakeholder engagement to release train setup & execution to realisation of business value.

How do we check

The check is performed via:

- Stakeholder interviews (at all levels)
- Review of tools and techniques utilised and effectiveness (at all levels)
- People capability and training assessment
- Gemba walks

What you get

- ✓ Rating against the SAFe CORE values
- ✓ Strengths and Weaknesses analysis
- ✓ Themes to identify systemic issues
- ✓ Workshops to brainstorm solutions
- ✓ Opportunity to gather Management Response to the findings

Next Steps

- Engage Seven Consulting to assist in implementing recommendations
- Conduct Training to uplift capability
- Coaching to cultivate best practices

A selection of our Agile Experts

Rob Thomsett
Thought Leader

Achievements:

- His 2001 *Radical Project Management* book published by Prentice-Hall, N.Y laid the foundation of Agile-oriented project management approaches which he had developed during collaboration with Agile pioneers such as Kent Beck, Jim Highsmith and other founding members of the Agile Coalition in the US.
- Developed the RAP (RAPid Planning) model which used simple but powerful tools to rapidly accelerate project and benefits planning aligned to Agile and SAFe concepts.
- Implemented relationship and values-driven model of Agile project management and sponsorship in many international organisations in U.K, Europe, U.S and Asia.
- Consulting with NAB Group as it implements his Agile approach to executive sponsorship, benefits realisation, project management and governance across a \$1bn/year project portfolio.
- His focus is enabling senior executives in sponsor roles to adopt Agile principles in working with project managers in Hybrid and Agile projects.
- Fellow of the Australian Computer Society in recognition of his education and advocacy for emphasising the central point that project management is really the management of creative people working to improve business value.

Shiraan Fernando
Program Director

Achievements:

- As Program Director/ Acting CTO at ipSCAPE, Shiraan delivered a company wide agile transformation. Embracing customer centricity, innovation, quality and speed-to-value, Shiraan helped scale-up IPSCAPE's software delivery enabling long-lasting improvements in product performance and market competitiveness.
- As General Manager at Telstra, Shiraan oversaw the expansion of Mobile Application Delivery from 13 resources to over 130 FTE across 6 Agile Release Trains with capabilities onshore and offshore and delivering a portfolio in excess of 95 projects / \$45m p.a. - servicing over 4.5m customers.
- As Seven Consulting's in-house SAFE curriculum trainer, Shiraan helped train, mentor and certify 60+ resources across the organisation
- As Program Director at Hunter Water, Shiraan established the organisation's first Agile delivery framework and successfully delivered Billing System Replacement and Online Customer Portals.
- As Program Director – Project Methodologies at City of Melbourne, Shiraan developed tailored Agile methodologies to support digital innovation within a government framework. Leveraging expertise in Agile, Waterfall, and PMO, he designed fit-for-purpose project management framework that integrated with City of Melbourne's traditional lifecycle whilst enhancing agility, governance, innovation and delivery effectiveness.

A selection of our Agile Experts

Alex Massie
Program Director

Achievements:

- Alex is SAFe certified and has worked on large Agile programs at Telstra, NAB and ipSCAPE.
- Program Director for the core Digital component of the Digital Transformation of Telstra Enterprise. The program budget was in excess of \$200m p.a. and had a project team over 1,000 - It one of the largest Agile programs in Australia.
- As Program Director at NAB on the Switch Replacement program, Alex established a multi-year delivery plan based on the business priority of epics, software capabilities, dependencies and lowest business implementation risk.
- As Program Director at ipSCAPE, Alex conducted an end-to-end review of software development processes making a number of key recommendations, which were accepted. Alex scoped out an Agile transformation program which included Agile training, PI planning, recruiting key roles and changing the delivery cadence.

Paul Bernard
Program Director

Achievements:

- SAFe Practice Consultant (SPC) qualified. Certified Scrum Master (CSM) qualified.
- As Program Director at Australia Post, developed “Agile@Post” playbook and team maturity assessment tool which was rolled out across 70 squads.

Agile Delivery

Global Investment Banking

Changing the way projects deliver outcomes to the business

The Banking and Financial Services Group (BFS) within the Global Investment Banking Company undertook what was to be their largest IT program to replace the Bank's loan and deposit systems with one modern, real-time banking platform using SAP.

Challenged by taking on such an ambitious program of work, the bank decided to significantly reduce the size of the team and move to an Agile delivery method to stabilise home loan origination on the new platform.

Seven led the shift to Agile delivery focusing on the training of team members and stakeholders who had little or no experience of working on Agile projects. Six cross-functional SCRUM teams were formed and under Seven's guidance, were able to deliver the remaining functionality within a 6 month period.

The team was equipped to successfully fall in with the Enterprise Release Train to deliver subsequent changes to the platform.

- Recognize and apply a Lean-Agile Mindset and principles
- Continuously explore, integrate, deploy, and release value
- Empower with a Lean Portfolio
- Coordinate the development of large solutions
- Enhance your Lean-Agile leadership skills
- Support a Lean-Agile transformation in your enterprise

What You Get

Attendees who pass the exam will receive:

- ✓ SAFe 5 Agilist PDF certificate
- ✓ SAFe 5 Agilist digital badge to promote your accomplishment online
- ✓ One-year membership to the SAFe Community Platform, which includes access to the SA Community of Practice
- ✓ Access to Meetup groups and events that connect you with other SAFe Certified Professionals
- ✓ *Attendees may be eligible to apply for 15 PDUs toward their continuing education requirements with the Project Management Institute (PMI) for PMP, PgMP, and PMI-ACP certifications*
- ✓ *Attendees may be eligible to apply for SEUs under category C, toward earning or renewing their CSP through Scrum Alliance*

SAFe® Product Owner/Product Manager with POPM Certification

Why SAFe POPM

In this two-day course, you will learn how the roles of Product Owner (PO), Product Manager (PM), Solution Manager and Epic Owner drive the delivery of value in the SAFe enterprise. You'll get an overview of the Scaled Agile Framework® (SAFe), the Lean-Agile mindset, and an understanding of how the PO/PM roles operate in the enterprise to drive the delivery of value. Finally, you will get an in-depth understanding of the specific activities, tools, and mechanics used to effectively deliver value to the enterprise.

Who Can Attend

The following individuals will benefit from this course:

- Product Owners, Product Line Managers, Product Managers, Business Owners, and Business Analysts

Attendees who pass the exam will receive:

- ✓ A SAFe PO/PM certificate
- ✓ One-year certified membership as a SAFe PO/PM
- ✓ A SAFe PO/PM branding kit with the POPM certification mark

Why SAFe Scrum Master

In this two-day course, you'll gain an understanding of the role of Scrum Master in a SAFe enterprise. Unlike traditional Scrum Master training that focuses on the fundamentals of team-level Scrum, the SAFe Scrum Master course explores the role of Scrum in the context of the entire enterprise and prepares you to successfully plan and execute the Program Increment (PI), the primary enabler of alignment throughout all levels of a SAFe organization.

Who Can Attend

Intended for people new to the role of the Scrum Master, or people wanting to better understand the role and how it fits in a SAFe enterprise, attendees typically include:

- New or existing Scrum Masters
- Team Leads
- Release Train Engineers

Learning Goals

- Describe Scrum in a SAFe enterprise
- Perform the role of the Scrum Master in SAFe
- Facilitate Iteration Planning and effective Iteration execution
- Support effective Program Increment execution
- Build high performing teams by becoming a servant leader and coach

What You Get

The class registration includes:

- ✓ Printed workbooks
- ✓ PDF workbooks
- ✓ Course certificate
- ✓ Access to the SAFe® 5 Scrum Master Exam – requires course attendance
- ✓ *Attendees may be eligible to apply for 15 PDUs toward their continuing education requirements with the Project Management Institute (PMI) for PMP and PMI-ACP certifications.*
- ✓ *Attendees may be eligible to apply for SEUs under category C, toward earning or renewing their CSP through Scrum Alliance.*

Why SAFe for Teams

Build your skills as a high-performing team member of an Agile Release Train (ART)—and learn how to collaborate effectively with other teams—when you become a SAFe® 5 Practitioner (SP). During this two-day course, you will gain an in-depth understanding of the ART, how it delivers value, and what you can do to effectively perform your role using Scrum, Kanban, and XP.

Who Can Attend

All are welcome to attend the course, regardless of experience. However, the following prerequisites are highly recommended for those who intend to take the SAFe® Practitioner (SP) certification exam:

- Familiarity with Agile concepts and principles
- Awareness of Scrum, Kanban, and XP
- Working knowledge of software and hardware development processes

Learning Goals

- Apply SAFe to scale Lean and Agile development in your enterprise
- Know your team and its role on the Agile Release Train
- Know all other teams on the train, their roles, and the dependencies between the teams
- Plan iterations
- Execute iterations and demonstrate value
- Plan Program Increments
- Integrate and work with other teams on the train

What You Get

Attendees who pass the exam will receive:

- ✓ SAFe 5 Practitioner PDF certificate
- ✓ SAFe 5 Practitioner digital badge to promote your accomplishment online
- ✓ One-year membership to the SAFe Community Platform, which includes access to the SP Community of Practice
- ✓ Access to Meetup groups and events that connect you with other SAFe Certified Professionals
- ✓ *Attendees may be eligible to apply for 15 PDUs toward their continuing education requirements with the Project Management Institute (PMI) for PMP and PMI-ACP certifications.*
- ✓ *Attendees may be eligible to apply for SEUs under category C, toward earning or renewing their CSP through Scrum Alliance.*

AUSTRALIAN OPALS

Seven Consulting is proud to continue as a Major Sponsor of the Australian Women's National Basketball Team, the Australian Opals, currently ranked #3 in the world.

This builds on our ongoing commitment to elite women's sport, continuing our investment with them since 2022.

Our support of women's sport began in 2017 as the first dedicated sponsor of the CommBank Matildas, backing their journey through to the 2023 FIFA Women's World Cup.
